

Pawan Plywood

House of Veneer

Decorative Natural & Recon Veneer

Plywood | Laminates | High Lighter | Wallpaper | Wooden Flooring

Natural wood are sliced from logs and each logs influenced by individual tree's reaction to its soil composition geographic location and other growing conditions throughout this duration of its growth they are generally classified into two distinct kinds:

- **Decorative Natural veneer**
- **Recon Veneer**

DECORATIVE NATURAL VENEERS

Veneers are highly demanded in among the customers and appreciated for everlasting sheen and an attractive look.

It is usually thinner than 4mm that typically are glued on to core panels to produce flat panels such as doors, tops and panels for cabinets, parquet floors, entire lobby wells, modern kitchens, living rooms & bedrooms & part of furniture.

DECORATIVE RECON VENEER

Recon Veneer is short for reconstituted wood also known as recomposed. They are made with actual wood from fast growing trees in managed forest. Recon Veneer are renewable product and also it's an environment friendly alternative to some of the rare & extremely expensive veneer.

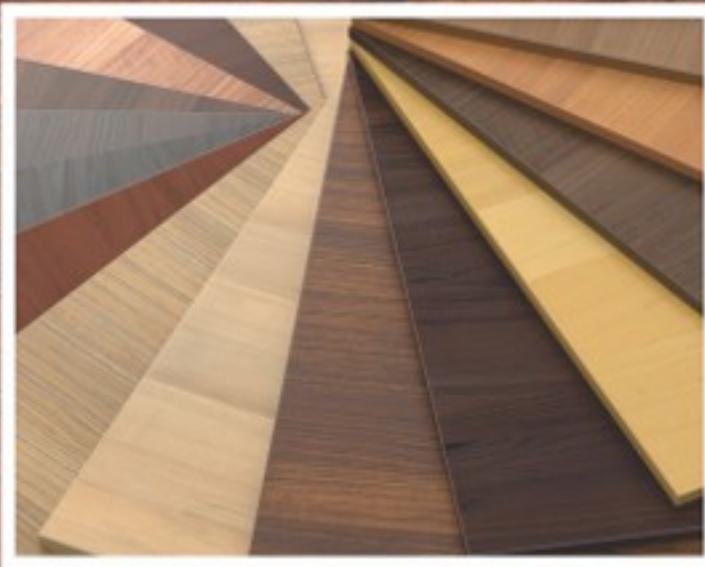

Pawan Plywood is the leading distributors of a wide range of interior infrastructure products.
